A WASHINGTON PRODUCT

The principal items in the manufacture of this Silver Edition of the Directory of Washington Manufacturers are duly credited to the following concerns:

The Printing
BANKERS PRINTING COMPANY
Seattle

The Book Paper
CASCADE PAPER COMPANY
West Tacoma

The Composition
SEATTLE TYPESETTING COMPANY
Seattle

The Binding
WARD'S BINDERY
Seattle

The contents of this Directory have been compiled from sources which we believe to be accurate, but are not guaranteed. The Manufacturers' Association of Washington assumes no responsibility, expressed or implied, for errors and omissions.

THE REASON WHY

The Oriental Call. "A publication like yours constitutes a valuable source of information for use in answering commercial inquiries. It is requested that a complimentary copy of the latest edition be sent this Consulate."—American Consul-General Edwin S. Cunningham, Shanghai, China.

The Home Call. "We frequently have calls for a complete directory of manufacturers of Washington, together with commodities produced."—Chamber of Commerce, Spokane, Washington.

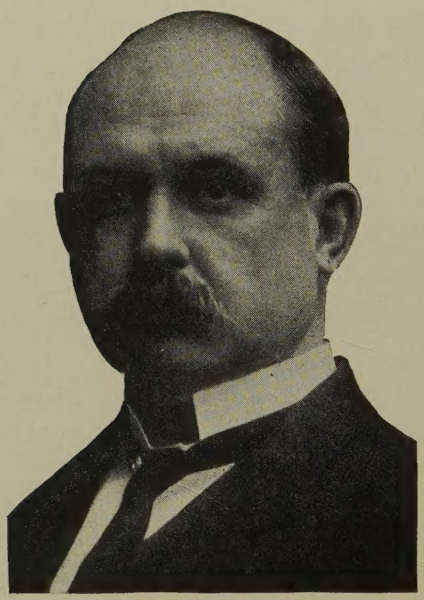
The Best of All. "We regret that we are unable to furnish you a list of industries in this state, but have referred your letter to the Manufacturers' Association of Washington. This body publishes the most comprehensive industrial directory with which we are familiar."—Department of Labor and Industries, Olympia, Washington.

We Thank You. We wish it were possible to personally thank the individual members of the State Press, the Secretaries of the Commercial Organizations, the personnel of State Departments, and Executives of the many manufacturing plants in the State of Washington for their coöperation and assistance in making this the best directory of State Manufacturers that we have ever published. So, may this foreword carry to you our full and sincere appreciation.

MANUFACTURERS' ASSOCIATION OF WASHINGTON
DIRECTORY COMMITTEE,

Chairman.

DEDICATION



DAVID B. PORTER
First President (1900-1901)
MANUFACTURERS' ASSOCIATION OF WASHINGTON

Mr. Porter, who was operating the Loyhed Tinware Company, Seattle, in 1900, was one of the original promoters and incorporators of the Manufacturers' Association. He later sold his business to the American Can Company.

Mr. Porter was born in Northampton, Massachusetts, in 1860, and died in Seattle, March 3, 1919.

GEOGRAPHICAL SECTION

Under this geographical section will be found the Manufacturers of Washington arranged alphabetically and grouped under their respective communities. The name of each community is followed on the same line by the name of the County of the State in which it is located, and the figures at the end of the line give the population of the city, town or precinct as returned by the United States Census of 1920.

Queremos Llamar su Atencion

al servicio ofrecido á todos por la

MANUFACTURERS ASSOCIATION OF WASHINGTON

Esta sociedad, compuesta de unas de las casas fabricantes en el Estado de Washington, el mas al nordoveste de los Estados Unidos de Norte America.

Nuestro destino unico y ultimo es el servir en toda manera que sea posible a los fabricantes de este estado.

Suministramos informaciones completas y correctas en todo lo tocante a la fabricacion Washingtoniana y los fabricantes, sin limite en la naturaleza ni en la extension de los data deseados, ni en el idioma de la pregunta.

Traducimos el español, sea correspondencia, catalogos, propaganda de advertencia, o' documentos de otra clase cualguiera, con gastos limitado al coste secretarial.

En Washington se fabrica de casi todos los articulos de comercio, y, sabiendo que lo bien hecho unicamente atrae clientes de valor y responsibilidad, nuestros fabricantes procuran, con el mayor cuidado, por expertos y bien pagados operarios, y por maquinaria y metodos probados, producir mercancias que no han de envidiar las de otra region ninguna.

Solicitamos sus preguntas. Ofrezcamos nuestros servicios.

The

Crescent

Trade Mark

The Symbol of Quality

FOR more than a quarter of a century the Crescent aim and constant endeavor has been, not simply to produce a line of products "as good as someone else's" but products that *excel.* Not the slightest deviation has ever been permitted.

All raw materials, as well as every Crescent Product after manufacture, are under strict laboratory control. Nothing is released for packaging until an analysis is made and the laboratory O. K. is given.

This is the reason for the unvarying uniformity of Crescent Products. Every Crescent Package conforms to the same high standard. The Crescent Trade Mark is a quality guarantee.

Manufacturers and Promoters of Industrial Enterprises

Considering a location in the Pacific Northwest, and particularly the Puget Sound District, will find it to their advantage to communicate with us concerning sites for factories located on tidewater, adjacent to transcontinental railroads and near

Abundant Electric Power

PRESENT POWER RESOURCES IN HORSEPOWER
WATER POWER PLANTS OF THIS COMPANY:

White River	80,432
Snoqualmie	26,809
Electron	26,809
Nooksack	2,346
Baker River (January 1, 1926)	40,000
Miscellaneous	6,894
Purchased Power	17,960
Total Water Power	201,250

STEAM PLANTS

Seattle	35,523
Everett	2,346
Bellingham	2,681
Miscellaneous	4,830
Total Steam Power	45,380
Total Water and Steam Power	246,630

A Letter Addressed to Us Will Bring the Information Sought

PUGET SOUND POWER & LIGHT CO.

Buyers of Printing

JUST A FEW WORDS TO THE BUSINESS MAN WHO DESIRES TO HAVE HIS PRINTING PRODUCED ACCURATELY AND PROMPTLY

WOULDN'T it be a great relief if you could say to your printer, "I need a catalogue, a circular, some letterheads and envelopes" and then be able to dismiss the matter from your mind in the confidence that he will do the work to your entire satisfaction. The printer comes to you with a proposition that pleases; that has a strong advertising value in the suggested copy, in the proposed typography, in the color arrangement, and in the general layout. What a satisfaction to have an assured confidence that the finished product will meet with your approval.

The printer who can do that for you must offer efficient service. That is what we are giving to our numerous customers, and we are ready to do the same for you.

The Bankers Printing Co.

Wood Pipe and Tanks

We make a Wood Tank or Pipe of a size suitable for every project involving the conveyance or storage of water.

The earnest co-operation of our engineering department is always at the disposal of our customers. We should like the opportunity of figuring with you on any project in this line. Wood Tanks from 500 to 100,000 gallons capacity or larger.
